

Access to clean & safe water is a human right!

The Water Mega Project: Milestones & Challenges

PDG/RC Jamil Mouawad

Tuesday, March 30, 2021

The value of water is about much more than its price, especially that water has enormous and complex value for our households, food, culture, health, education, economics and the integrity of our natural environment.

Without a comprehensive understanding of water's true, multidimensional value, we will be unable to safeguard this critical resource for the benefit of everyone.

Rotary is dedicated to causes that build international relationships, improve lives, and create a better world to support our peace efforts and end polio forever.

Saving roothers and children

Growing local economies

Protecting the environment

ONE OF ROTARY'S AREAS OF FOCUS is:

WATER

Access to safe water is life changing and life saving!

CLEAN WATER IS THE FOUNDATION OF ALL SUSTAINABLE DEVELOPMENT.

HOW ROTARY MAKES
HELP HAPPEN?

Through water, sanitation, and hygiene (WASH) programs, Rotary's people of action mobilize resources, form partnerships, and invest in infrastructure and training that yield long-term change.

NAME OF PERSONS ASSESSED. ACCRECATE VALUE OF PARTY AND PARTY. Secretary of Asset Assets

growtheasts, World World, 1965(24) and the first Cross, Together the man developed a program than

The Robary Foundation is changing the world by providing grants for properts and activities around the globa and in your own backyard.

Rotary-USAID Partnership: Hotary has partnered with the United States Agency for International Development in Ghuna, Madapacar, and Ugunda to implement sustainable, long-term programs to improve water supplies, sanitation, and Jugiere.

WASH in Schools Target Challenge: Rohary has challenged our members to develop sectionable water, sectialists, and hygiere seducation projects at five countries: Beller, Guatemaka, Honduras, India, and Kenna.

WASH projects: Since 2018, The Botary Foundation has invested in more than 1,000 WASH projects in struce than 180 countries. Through grants from The Rotary Foundation and fundraising by Rotary clobs: our volunteers have supported water purification, hygiene education, latring construction, and waste managination. \$24

s all it takes to provide one person with safe

110

schools in Ghara have better sanitation and hygiene due to Rotary-USAID partnership.

2030

is the year Rotary hopes to finish providing everyone with safe water, sanitation, and hygiene WASH in Schools supports the United Nations' Sustainable Development Goals (SDGs):

Goal 4: Ensure inclusive and equitable quality education for all.

Goal 6: Ensure universal access to water and sanitation for all, for ever.

We should not be frightened that it takes time.

Everything worthwhile takes time!

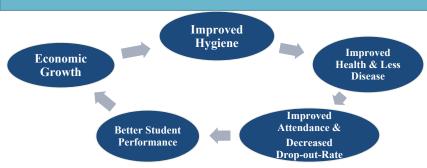

Rotary Clubs of Lebanon are the pioneers of Water Project

Success Story

- "Securing Clean Drinking Water in Lebanese Public Schools"
- + WASH SESSIONS

A Clean & Healthy School: A Cycle of Opportunities

Because Rotarians don't only build water filtration systems and walk away!

Rotarians integrate WASH into education

WASH in Schools is more than support for education.

IT IS THE CALL-UP
for
TRANSFORMING COMMUNITIES!

WHY SCHOOLS?

Schools are the focal point for health, education and hygiene

Children can be change agents for an entire community

Schools can be the "Learning Centre" for hand washing and personal hygiene

Better personal practices will spread to the household

Water Project in Numbers:

Numbers
1,379
1,040

Installing Water Filtration Systems in Lebanese Prisons

Project Overview

 Over the years Lebanese and International Human Rights NGOs have repeatedly reported that Lebanese prisons do not meet the minimum international standards.

The water received from the official water network isn't filtered and may get contaminated at any time, since the sewage pipes and water pipes are close to each other and are old and rusty.
